Garamond Libre

Daniel Benjamin Miller* Bob Tennent†

version 1.4

May 3, 2020

Introduction

Garamond Libre is a free and open-source old-style font family. It is a "true Garamond," i.e., it is based off the designs of 16th-century French engraver Claude Garamond (also spelled Garamont). The Roman design is Garamond's; the italics are from a design by Robert Granjon. The upright Greek font is after a design by Firmin Didot; the "italic" Greek font is after a design by Alexander Wilson. The font family includes support for Latin, Greek (monotonic and polytonic) and Cyrillic scripts, as well as small capitals, old-style figures, superior and inferior figures, historical ligatures, Byzantine musical symbols, the IPA and swash capitals. The fonts are an extended fork based on designs by George Douros.

Garamond Libre is based on George Douros' text fonts project. The sources on which these fonts are based were released by their author as free for any use.

The Type 1 versions of the fonts were created using `cfftot1`. The support files were created using `autoinst` and `otftotfm` and are licensed under the terms of the LaTeX Project Public License.
